T-Shirt Preparation Directions and Other Important Information – Please read!

- Wash T-shirts without perfumed detergents or dryer sheets. Perfume makes us sneeze and you don't want us sneezing on your quilt! If you do not have detergent that is perfume free, please just wash the T-shirts in a washing cycle without any detergent. Also dry without dryer sheets.
- If there is a part of your T-shirt that you DO NOT want used, X it out with blue painters' tape. We will use all the graphics and designs that are not X'd out. There is an extra per T-shirt charge if you do box-in what you want. Do NOT use duct tape.
- If you would like an item to be used in its entirety, please attach a note to the item.
- If applicable, we may use pockets and necklines in your quilt. If you DO NOT want these used in your quilt, tell us not to use them in the special instructions on this order form. We will do our best to avoid them *if possible*.
- If you have a special request for a particular T-shirt - say you want it centered - write that request on blue painters' tape and stick it to the T-shirt. The tape will remain on the block during the process and will come off when the request is fulfilled. Please keep your requests for placement of T-shirts to just a few. The more specific placements requested, the less flexibility we will have in laying out your quilt.
- Stains. Normally we do nothing about stains on your T-shirts. If this is ok with you, then you don't need to do anything. But, if there is a stain that you don't want in the quilt, mark that area with blue painter's tape. On the tape write what you want done - say "remove" or "avoid if possible." If you ask us to remove the spot, the area in question will be cut out and a piece of matching fabric will be used to fill in the hole. If you ask us to avoid the spot, we will try to cut the T-shirt block not to include the stain.
- A separate order form needs to be filled out for each quilt you send. You are welcome to send more than one group of T-shirts in a single box, but please put each in a separate plastic bag with their own order form. If you are sending more than one quilt order, double check that the right T-shirts are in the right bag. We won't mix up your T-shirts, but if they come mixed up there is no way for us to know.
- Are you concerned you will have too many T-shirts for the size quilt you would like? If so, put a stack of your least wanted T-shirts in a separate plastic bag. Write a note telling us to use them if they are needed to make the quilt the size would you like. Any whole uncut items that are not used will be returned with the quilt.
- If we communicated via e-mail about a special issue or request, please print out and attach that e-mail to this order form. If you spoke to us on the phone, please remind us what we discussed.
